PROFESSIONAL SUMMARY

Detail-oriented Chemical Engineering graduate (CGPA 8.46) with cross-functional experience in Quality and Production Operations at Hindustan Unilever, Client Relationship Management at TenMind Global IT Solutions, UI/UX Design, and Frontend Web Development. Proficient in HTML5, CSS3, JavaScript, Java, Bootstrap 5, Figma, and Blender 3D modeling. Adept at bridging technical operations, human-centered digital experiences, and proactive client communications.

WORK EXPERIENCE

Relationship Manager — March 2026 - October 2026

TenMind Global IT Solutions | Puducherry, India

- Manage enterprise client relations, digital communication channels, and project onboarding to support smooth delivery.
- Coordinate client requirements with cross-functional development teams, aligning scope and timely deliverables.
- Facilitate proactive stakeholder updates, client retention strategies, and professional business correspondence.

Assistant Quality & Production Executive — Jan 2024 - Jan 2025

Hindustan Unilever Limited | Puducherry, India

- Applied rigorous analytical problem-solving and quality control standards across manufacturing lines and operations.
- Collaborated with cross-functional engineering and safety teams to elevate production efficiency and process reliability.
- Audited batch records, monitored quality parameters, and contributed to root-cause process improvement initiatives.

EDUCATION

Bachelor of Technology (B.Tech) in Chemical Engineering — **2019 - 2023**

Puducherry Technological University (formerly PEC) | CGPA: 8.46 / 10

Higher Secondary Certificate (HSLC) — **2018 - 2019**

Amalorpavam Higher Secondary School, Puducherry | Score: 75.3%
